ATLANTIC CITY'S **CONTINUOUS SHOW**

A Variety of Extemporaneous Acts That Make the Boardwalk Irresistible.

Atlantic City, N. J., Sept. 12 .- Floating on an inflated automobile tire has become one of the favorite pastimes among bathers in Atlantic City waters, and the sport is alluring. A soothing ride across the billows resting comfortably in the safe embrace of the tube is worth-while sport. But an especially high wave is liable to topple the boat.

This occurred Wednesday noon at South Carolina av., when a young lady, riding the "tube," and her two escorts "hanging on" were struck by an immense comber and forced beneath the

water. The accident was witnessed from the beach by the maiden's mother and by "mariners" brought safely ashore.

Mr. E. Stewart Davis, who has been spending the summer in Narragansett Pier, has been stopping at the Irving House for a few days. Mr. and Mrs. Newbold Edgar will arrive on the 20th and have taken apartments at the Irving House.

Horseback Riding the Favorite Pastime Among the Many Fall Visitors.

After a lull during the first week of the month, the throngs simply poured into the hotel last Sunday and Monday, and formed the nucleus of what prom-ises to be the biggest fall crowd ever experienced. Horseback riding seems to be the prevailing favorite among the visitors' pastimes, and a big bunch of enthusiastic equestrians taxed the stables to their utmost to supply mounts.
